### PROFILE

I have 3(Three) years specialized experience in Flutter development, along with my intelligence, dedication, and strong work ethic, to contribute to innovative mobile application solutions and drive organizational success, and creating dynamic apps for the Android & IOS environment. Well-versed in numerous programming languages including Dart, Flutter, Firebase, third-party's API integration. Good background in project management and customer relations.

### EMPLOYMENT

#### Flutter Developer

Jun 2025 - Present

Limerick Resource LTD, Mohammadpur

- Develop, maintain, and optimize cross-platform mobile applications for Android and iOS using Flutter and Dart.
- Implement new features, modules, and UI components based on client and business requirements.
- Integrate REST APIs, Firebase services, real-time data, and third-party tools to enhance app functionality.
- Fix bugs, resolve production issues, and improve performance to ensure smooth user experience.
- Collaborate closely with product managers and backend teams to deliver high-quality mobile solutions.
- Manage app release processes, including build generation, signing, and deployment to Google Play Store and Apple App Store.
- Participate in project planning, requirement analysis, task estimation, and sprint activities.

#### Flutter Developer

Jan 2024 - Jun 2025

Softvance Agency, Mohakhali

- Conduct meetings with foreign clients to understand project scope, technical requirements, and feature expectations.
- Lead and manage multiple client projects from planning to final delivery, ensuring smooth development workflow.
- Develop cross-platform mobile applications using Flutter, ensuring clean architecture, scalability, and maintainable code.
- Deliver high-quality applications within strict deadlines while maintaining performance, UI/UX quality, and stability.
- Co-lead the Flutter development team by guiding junior developers, reviewing code, and providing technical direction.
- Collaborate with designers, backend teams, QA, and project managers to ensure end-to-end project success.
- Maintain continuous communication with clients, provide progress updates, and ensure client satisfaction.

#### Flutter Developer

Jan 2023 - Dec 2023

Easy Donate, US

- Gained extensive experience as a Flutter developer, collaborating on the Easy Donate app to ensure high-quality, feature-rich, and user-friendly solutions.
